

## Safety Data Sheet

### 1 Identification

#### GHS Product Identifier

High John The Conqueror Spiritual Oil Blend

#### Other means of identification

High John The Conqueror Essential Oil Blend

#### Recommended use of the chemical and restriction on use

**Recommended Use :** Aromatherapy for personal use.

**Restricted Use:** No information available.

#### Supplier's details

Lady Mage Emporium  
5814 Drexel Rd.  
Philadelphia, PA 19131

#### Emergency phone number

**Phone** (215) 879 - 0387

**Email** Magick@ladymage.com

### 2 Hazard(s) identification

#### Classification of the substance or mixture

Flam. Liq. 4 H227 Combustible liquid.

Skin Irrit. 2 H315 Causes skin irritation.

Eye Irrit. 2A H319 Causes serious eye irritation.

Skin Sens. 1 H317 May cause an allergic skin reaction.

#### GHS label elements

Warning

Combustible liquid

May be harmful if swallowed

May cause an allergic skin reaction

Causes eye irritation

Keep out of reach of children.

Obtain special instructions before use.

IF SWALLOWED: call a POISON CENTER or doctor/physician IF you feel unwell.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If skin irritation or rash occurs: Get medical advice/attention.

In case of fire: Use foam, carbon dioxide, dry chemical to extinguish.

Store in a well-ventilated place. Keep cool.

### 3 Composition/information on ingredients

Description	CAS Number	EINECS Number	%	Note
Carrier Oil			80 - 87.5	Safflower Oil 8001-23-8 (45-52%), Grapeseed Oil 8024-22-4 (15-22%), Sesame Oil 8008-74-0 (10-12%), Avocado Oil 8024-32-6 (3-6%), Olive oil 8001-25-0 (1-3%),
Vanilla Planifolia	8015-65-4		6 - 6.87	
Rosa Centifolia	90106-38-0		3 - 3.38	
Pelargonium Graveolens	8000-46-2		1 - 2	
Cinnamomum Aromaticum	8007-80-5		0.1 - 0.25	

### 4 First-aid measures

#### Most important symptoms/effects, acute and delayed

##### • After inhalation:

Supply fresh air; consult doctor in case of complaints. Provide oxygen treatment if affected person has difficulty breathing. In case of unconsciousness place patient stably in side position for transportation.

##### • After skin contact:

Immediately wash with water and soap and rinse thoroughly. If skin irritation or rash occurs: Get medical advice/attention.

##### • After eye contact:

Remove contact lenses if worn. Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

##### • After swallowing:

Rinse out mouth and then drink plenty of water. Do not induce vomiting; immediately call for medical help. A person vomiting while lying on their back should be turned onto their side.

##### • Most important symptoms and effects, both acute and delayed:

Allergic reactions Gastric or intestinal disorders when ingested. Irritant to skin and mucous membranes.

##### • Danger:

Danger of impaired breathing. May be fatal if swallowed and enters airways.

#### Indication of immediate medical attention and special treatment needed, if necessary

Medical supervision for at least 48 hours. If necessary oxygen respiration treatment. May produce an allergic reaction. Treat skin and mucous membrane with antihistamine and corticoid preparations.

### 5 Fire-fighting measures

**Suitable extinguishing media**

Water fog / haze  
Carbon dioxide  
Gaseous extinguishing agents  
Foam

**• For safety reasons unsuitable extinguishing agents:**

Water stream

**Specific hazards arising from the chemical**

None known. No known hazardous decomposition products.

**Special protective actions for fire-fighters****• Protective equipment:**

Wear self-contained respiratory protective device. Wear fully protective suit.

**6 Accidental release measures****Personal precautions, protective equipment and emergency procedures**

Ensure adequate ventilation.  
Contain spilled materials; avoid open flames or inhalation of vapors. Ventilate spill areas.

**Environmental precautions**

Do not allow large quantities of it to reach ground water, water course or sewage system. Do not flush into surface water or sanitary sewer system.

**Methods and materials for containment and cleaning up****Steps to be Taken in Case Material is Released or Spilled:**

None. Contain all spills and leaks to prevent discharge to the environment. Remove spark or heat sources. Soak up with absorbent. Flush area with water. Wear self-contained breathing apparatus for any significant spill. Eliminate any ignition sources. Waste Disposal Method: Dispose of waste according to local, State and Federal regulations. Material collected with absorbent may be disposed of in a permitted landfill in accordance with all applicable federal, State and local regulations and laws. Consult with a regulatory specialist to determine appropriate waste disposal and other requirements.

*In case of release to the environment, report spills to the National Response Center 1-800-424-8802 RQ:*

**• Reference to other sections**

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

**7 Handling and storage****Precautions for safe handling**

Keep out of reach of children. Wash hands after handling. Minimize exposure to vapors.

**Conditions for safe storage, including any incompatibilities****• Requirements to be met by storerooms and receptacles:**

Store in cool well-ventilated place. Keep cool.

**• Information about storage in one common storage facility:**

Store away from foodstuffs. Keep away from heat, sparks, open flames, and hot surfaces.

- **Further information about storage conditions:**

Keep containers tightly sealed.

## 8 Exposure controls/personal protection

### Control parameters

- **Components with limit values that require monitoring at the workplace:**

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

- **Exposure controls** •

- **General protective and hygienic measures:**

The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing. Wash hands before breaks and at the end of work. Avoid contact with the eyes

### Appropriate engineering controls

None

### Individual protection measures

- **Breathing equipment:**

Not required under normal conditions of use.

- **Protection of hands:**

Use of chemical resistant gloves is recommended.

- **Material of gloves**

Nitrile rubber, NBR Butyl rubber, BR Neoprene gloves Natural rubber, NR

- **Eye protection:**

Follow relevant national guidelines concerning the use of protective eyewear.

- **Body protection:**

Protection may be required for spills.

- **Limitation and supervision of exposure into the environment**

No relevant information available.

- **Risk management measures**

No relevant information available.

## 9 Physical and chemical properties

### Physical and chemical properties

- **Information on basic physical and chemical properties** •

#### Physical State

**Form:** Liquid

**Liquid Color:** According to product specification

**Odor:** Pleasant

**Odor Threshold:** Not Available

**pH:** Not Available

**Melting/Freezing Point:** Not Available

**Initial Boiling Point:** Not Available

**Flash Point:** > 300 degrees F

**Autoignition Temperature:** Not Available

**Flammability (solid, gas):** Not Applicable

**Decomposition Temperature:** Not Available

**Danger of explosion:** Product does not present an explosion hazard.

**Lower Explosive Limit:** Not Available

**Upper Explosive Limit:** Not Available

**Lower Flammability Limit:** Not Available

**Upper Flammability Limit:** Not Available

**Oxidizing properties:** Non-oxidizing

**Vapor Pressure:** Not Available

**Density**

**Relative density:** <1.0

**Vapor Density:** Not Available

**Evaporation Rate:** Not Available

**Viscosity:** Not Available

**Solubility in / Miscibility with Water:** Insoluble

**Partition coefficient (n-octanol/water):** Not Available.

**Viscosity**

**Dynamic:** Not Available

**Kinematic:** Not Available.

**Other information** No relevant information available

## 10 Stability and reactivity

**Reactivity**

No relevant information available.

**Chemical stability**

Stable under recommended use, transport, and storage conditions.

**Possibility of hazardous reactions**

None under normal use conditions.

**Conditions to avoid**

Stable under most ordinary conditions including elevated temperatures

**Incompatible materials**

No additional information available.

## Hazardous decomposition products

No known hazardous decomposition products.

## 11 Toxicological information

### Information on the likely routes of exposure

Ingestion.  
Inhalation.  
Eye contact.  
Skin contact.

### Symptoms related to the physical, chemical and toxicological characteristics

**Inhalation:** No known effects.

**Ingestion:** No known affects.

**Skin Contact:** Itching, Rashes, Hives.

**Eye Contact:** No known affects.

### Delayed and immediate effects and also chronic effects from short and long term exposure

**Skin corrosion/irritation** No information available.

**Serious eye damage/eye irritation** No information available.

**Respiratory or skin sensitization** May cause sensitization by skin contact.

**Germ cell mutagenicity** No information available.

**Carcinogenicity** No information available.

### Numerical measures of toxicity (such as acute toxicity estimates)

No Further Information

## 12 Ecological information

### Toxicity

• **Aquatic toxicity** No relevant information available.

### Persistence and degradability

No relevant information available.

### Bioaccumulative potential

No relevant information available.

### Mobility in soil

No relevant information available.

### Other adverse effects

No relevant information available.

## 13 Disposal considerations

### Disposal methods

• **Waste treatment methods** •

**Recommendation:** The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

· **Uncleaned packagings** ·

**Recommendation:** Disposal must be made according to official regulations

## 14 Transport information

### UN Number

Not regulated.

### UN Proper Shipping Name

Not regulated.

### Transport hazard class(es)

· DOT, ADR/RID/ADN, IMDG, IATA

· Class: Not regulated.

Not Dangerous Goods

### Packing group, if applicable

Not regulated.

### Environmental hazards

Not applicable.

### Special precautions for user

Not applicable.

### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable.

## 15 Regulatory information

### Safety, health and environmental regulations specific for the product in question

#### US Regulatory Information:

**OSHA Hazards:** Not applicable

**SARA 302:** No reportable quantities.

**SARA 311/312 Hazard Categories:** No reportable quantities

**SARA 313:** No reportable quantities

**TSCA:** All chemical substances in this product are included or exempted from listing on the TSCA Inventory of Chemical Substances

#### Canadian Regulatory Information:

**DSL List:** All components of this product comply with registration requirements.

## 16 Other information

### Other information

The information contained in this SDS is presented in good faith and believed to be accurate based on the information provided. The SDS does not purport to be all inclusive, and shall be used only as a guide. While Performance Health, Inc.

believes that the data contained herein comply with 29 CFR 1910.1200, they are not to be taken as a warranty or representation for which Performance Health, Inc. assumes legal responsibility. Performance Health, Inc. shall not be held liable or accountable for any loss or damage associated with the use of this material and information. The recommended industrial hygiene and safe use, handling, storage, and disposal procedures are believed to be generally applicable. However, since the use, handling, storage, and disposal are beyond Performance Health, Inc. control, it is the responsibility of the user both to determine safe conditions for use of this product and to assume liability of loss, damage, or expense arising out of the material's improper use.
